PROFESSIONAL SUMMARY

Computer Science and Engineering (AI & ML) undergraduate seeking an AI/ML internship. Foundational knowledge of machine learning and programming, with hands-on experience preparing datasets, training models, and evaluating predictions during a machine learning internship.

EDUCATION

Hindustan Institute of Technology and Science | B.Tech, Computer Science and Engineering (AI & ML) | Expected 2029

TECHNICAL SKILLS

Programming: Python, C, C++, JavaScript

Web: HTML, CSS

AI/ML: Machine Learning Basics

Tools: Git, GitHub, Google Colab

INTERNSHIP EXPERIENCE

Machine Learning Intern | Cognifyz Technologies | June 2026 – July 2026

- Developed and trained machine learning models using Python.
- Cleaned and preprocessed datasets for model training.
- Evaluated model predictions to assess performance.

PROJECTS

Student Performance Predictor | Python, Machine Learning

- Built a machine learning project to predict student performance from input data.

Spam Email Detection | Python, Machine Learning

- Built and tested a machine learning model to classify email text as spam or not spam.

CERTIFICATION

Cognifyz Technologies — Machine Learning Internship Completion Certificate
